

INNOVATOR • INDUSTRY LEADER

IT SERVICES • SOFTWARE DEVELOPMENT

PAST PERFORMANCE

Federal Civilian and DoD agencies awarded Discover Technologies several significant Blanket Purchase Agreements. We also provide our proprietary software solutions to various Government agencies. Some of our clients and contracts include:

- **Defense Contract Management Agency (DCMA):** Two-year \$15M single award contract to provide sustainment of multiple DCMA contract management and business process systems including IWMS, AppsDB, and MAI.
- **Food & Drug Administration (FDA):** Five-year single award (\$100M BPA) to provide Microsoft 365 Services implementation, support, and solution development
- **Consumer Finance Protection Board (CFPB):** Five-year, multiple- award (\$40M BPA) to provide web development, design, and programming support services

OUR MISSION

We are a digital transformation, product, and consulting organization that spends every day developing new ways to improve the lives of the modern global workforce. We enable our enterprise customers to maximize and extend their investment in technology through our innovative products and solutions.

CORE COMPETENCY

- Microsoft 365 Services implementation, support, and solution development
- Service NOW application development and support
- Enterprise Content Management (ECM)
- Business Process Improvement and Automation

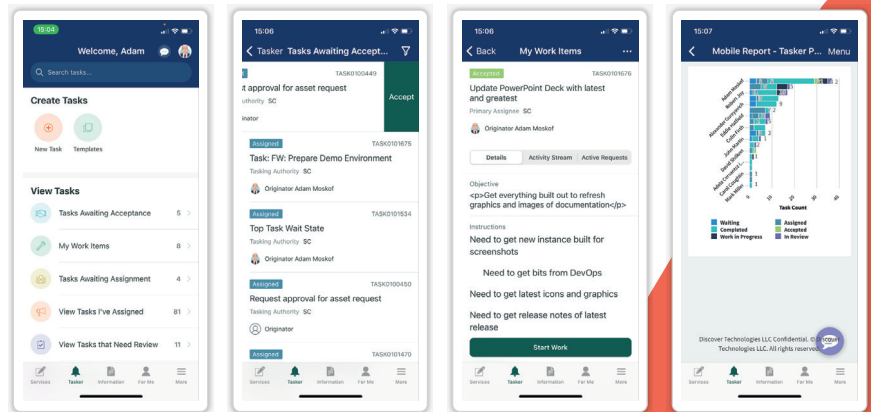

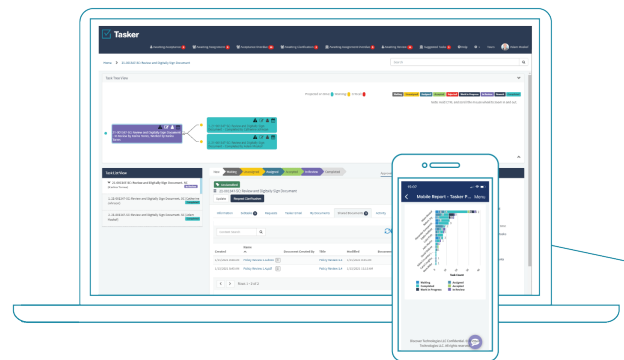

Enterprise Task Management built on servicenow®

Many organizations use legacy solutions for task management, document management, and eSignature such as email, spreadsheets, complex workflow software, shared drives, and an assortment of software and services. But these solutions are cumbersome, disjointed, and lack security.

Tasker was created to bring together disparate silos of productivity software into one secure, intuitive, and cost-effective solution. Built on the ServiceNow platform and available on-demand from the ServiceNow app store, the Tasker Suite installs in one-click with no coding required.

- ✓ **Increase productivity**
- ✓ **Real-time visibility**
- ✓ **Integrated doc management**

- ✓ **Intuitive**
- ✓ **Secure**
- ✓ **Cost Effective**
